ABOUT US

Founded in 2016 on a 5,000 m² area, NIKAPLAST operates in the plastic packaging industry with all investments, production, and services focused on unconditional customer satisfaction. Our goal is to deliver the most economical and high-quality products through low cycle times, multi-cavity molds, minimal waste, and optimal weights, while ensuring 100% shipment performance with preventive maintenance and effective planning. We place top priority on hygiene, adhere to international standards such as ISO, TPM, and Lean Production, and rely on a skilled workforce that embraces these systems. Using IML technology and next-generation hybrid and full-electric machines, we pursue continuous improvement and perfectionism, always anticipating customer expectations and valuing their feedback.

Vision & Mission

- **Vision**

To be the Plastic Packaging Company that is preferred primarily in terms of product and service quality in the Sector

- **Mission**

To offer environmentally friendly, high quality, innovative and competitive packaging solutions to our customers.

OUR QUALITY

We comply with all legal regulations and consider customer satisfaction our top priority.

We manufacture our products without compromising on quality, based on hygiene and food safety principles.

With a mindset of continuous improvement, we constantly develop our products and services while using our resources efficiently.

We follow technological advancements and integrate them into our investments.

We prioritize occupational safety, aiming to identify and eliminate potential risks in advance.

We value employee satisfaction and continuously enhance quality and environmental awareness through training.

In all these processes, we offer environmentally conscious, innovative, and value-adding solutions based on the principle of sustainability.

Circular Buckets

Designed for safe storage of food and industrial goods, Nikaplast plastic buckets are made from durable, hygienic PP material resistant to chemicals. With various size and colour options, they suit both food items (fruit, yogurt, dairy) and products like cleaning detergents. Lightweight yet sturdy and stackable, they offer reliable, flexible packaging solutions.

BUCKET TYPES

Produced in 8 different sizes to suit a wide range of applications.
